

**4th Annual City Birding Challenge
Any 24-hour day in May 2009**

Checklist of the Birds of New York City

Next to each bird species is a checkbox for each borough as well as an “NYC” checkbox. Although birds need to be seen only in one borough to count for the City Birding Challenge (use the “NYC” check box), it would be helpful for NYC Audubon’s data collection for participants to note in which borough(s) species were seen.

Thank you for your help!
